## Lemon Green Wax

**Suitable for very filigree design, Easy Flow**

Lemon Green developed specifically for fine filigree type, highly flexible **and easy flowing** resulting in an exceptionally smooth and shiny surface finish. Lemon Green is a very flexible wax that flow easily excellent memory and small details.

## Physical Properties

Color	Light Green
R&B Softening points (*C)	68
Injection Temperature (*C)	69
Injection Pressure (PSI)	1-8
Density	0.947
Viscosity (CPS at 78*C)	186
Ash content (%)	0.0390
Hardness (Shore D)	30
